

What's the aim of the Adventurous Plan and who is it for?

The aim of the Adventurous Plan is to maximise growth over the longer term. Investing always involves some level of risk, and movement up and down in value is to be expected.

The Adventurous Plan is suitable for investors focused on maximising potential gains, and willing to see substantial movements up and down in value to try and achieve high returns.

Investing should be part of a long-term savings strategy and whilst money can be withdrawn from a Wealthify Plan at any time, investing for less than 5 years is unlikely to be appropriate for an Adventurous Plan.

What makes the Adventurous Plan different?

The example below shows a typical mix of investments in an Adventurous Plan, but it can hold between 80% and 100% of high-risk investments (Commodities, Emerging Market Bonds, Private Equity, Shares and Property), with the remainder in low-risk investments (Bonds, Cash, and Cash Equivalents).

The chart above shows the range for the Adventurous Plan, which can include a minimum of 0% low risk assets and a minimum of 80% high risk assets.

Benchmarking

The Adventurous Plan performance is measured against the ARC Sterling Equity Risk PCI. The PCI is a peer group benchmark which shows how other companies' plans with a similar risk profile have performed. The indices are based on real performance numbers from hundreds of other Plans.
